

# Symon SmartScreen™ Optional Speaker

Are you considering purchasing a Symon SmartScreen™ to show visual content that will contain an audio track? Are wondering how you will deliver the audio information to your SmartScreen™ viewers? Well wonder no more.

Symon offers an optional speaker module for your Symon SmartScreen™ that attaches to the bottom of your display and seamlessly embodies the SmartScreen™ aesthetic to create a fully integrated and sleek appearance. The Symon SmartScreen™ speaker easily attaches to the bottom of the display and connects to the display housing using a pair of tradition speaker leads.

Once attached to the Symon SmartScreen™ and connected to the SmartScreen's media player, your viewing audience will be able to experience high-quality stereo sound to complement the Symon SmartScreen™'s high-quality picture.

The technical specifications of the Symon SmartScreen™'s optional speaker module are as follows:
